## Air Tools

**SLP** **ST. LOUIS PNEUMATIC**  
USA MADE PNEUMATIC POWER TOOLS

### SLP-83150

- Compact design works great in confined areas where a straight tool cannot be used.
- Excellent when used with surface preparation or sanding discs.
- Rear exhaust performance is ideal for grinding, polishing, and deburring.
- Features 18,000 RPM with .3 horsepower.
- Equipped with safety throttle lever and includes two wrenches.

### 1/4 Right Angle Die Grinder

### SLP-83025

- Designed for numerous material removal applications within automotive repair and body shops, maintenance shops, tool and die shops, and general machining facilities.
- Features 18,000 RPM performance generated from the .5 horsepower motor.
- Rear exhaust directs airflow away from work surface.
- Equipped with safety throttle lever and includes two wrenches.

### 1/4 Die Grinder

### SLP-82030

- Versatile tool is ideal for cutting mufflers and tail pipes, clamps, hangers, sheet metal, and bolts. Will also cut wood, plastic, and fiber glass.
- Die cast aluminum guard, 18,000 RPM, and rear exhaust are components of this quality tool powered by the .5 horsepower motor.
- Equipped with safety throttle lever.
- Includes 3" cutting wheel and hub wrench.

### 3" Cutoff Grinder
